Enthusiastic and detail-oriented Front-End Engineering graduate with a strong passion for coding, proficient in JavaScript and React. Skilled in designing and developing scalable web applications with a solid foundation in algorithms and problem-solving. Eager to leverage my expertise in building efficient, user-friendly applications and contribute innovative full-stack solutions to drive innovation and enhance user experiences.

EDUCATION

DIPLOMA IN FRONT-END ENGINEERING

Alt-School Africa

04/2024 - 04/2025

- Completed a 12-month program covering HTML, CSS, JavaScript, React, and other modern frontend technologies.
- Gained proficiency in designing and developing scalable, user-friendly web applications.
- Built portfolio-ready projects, demonstrating skills in API integration and responsive design.

EXPERIENCE

PERSONAL PROJECTS

Portfolio Website | January 2025

Add responsibilities, achievements, and impacts here. This template will guide you through adding content for each section. Use as is, or easily customize with your own images, fonts, and colors. This modern and versatile format includes space for all the details you'd like to include.

- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript to showcase completed projects.
- Implemented responsive design for optimal viewing across all devices.
- Integrated a contact form that interacts with backend services to collect user messages.

SKILLS

TECHNICAL SKILLS
